RAINFALL WEATHER GAUGE READINGS
by Dick Wallace
For the season 8.93

Said In Cypress

That we have to get used to seeing several families driving different cars these days, as the Dick Hathcock's and the Price Seibert's.

That Norm Duncan finally did it! Made front page news, that is. At the ball game in Norwalk last Thursday evening, a toughie, by the way, he covered himself with glory with those smacks as hot as his hair is red to help bring the hometown team a glorious victory.

That Henry Ross, native born and an "old-timer" in Cypress, is a man of varied experiences. Besides helping John Farnell in the boat building trade, he was called upon recently to assist nature in the delivery of triplets. Bunny rabbit triplets, that is. The mother was dead when Henry quick whipped out his pocket knife and decided to operate. All three bunnies lived. Henry's grandfather Ross owned 35,000 acres of grazing land in Orange county many years ago when the land was new and California was in its infancy. Not long ago, a governor of one of the Mexican provinces was entertained in their home — a friend of the family's. Life is never dull for Henry.

That Leona is being kept busy meeting the challenge of jokes at home and in the shop. It is said she's serving a new kind of sandwich these days. "Slim" McCoid is the authority. And there are pictures to prove that her friends granted her request for a television set at her housewarming one night this week. Leona is hardly visible, the box was so big, but down in the corner there WAS a television set under all that paper.

That the Anaheim animal hospital was well-attended by Cypressans on Monday morning. Bringing their pets for the good doctor's atention were the Parker's and Arline Jeffrey. Natch, we were there with Heidi, too, or how would we have known?

That we went for one last look at Charlie Smith's "Val," the fishing boat which he ordered built by John Farnell. We were a little surprised to find that Smith, who was working as hard as anyone, was the owner, but if we could figure out how to overcome mal de mer which we suffer riding in a boat on Westlake park, we have the promise of a ride someday.

That prominent in the audience at the VFW magic show Saturday night were the L. J. Hendershots. Mrs. H., you may remember, was Blackstone's assistant on a USO tour during the war. We'll ask her sometime how those candy kisses got into an empty pan?

That we forgot to ask Walley Tuesday how they ran on Monday at Santa Anita.

That Tommy Doerr, who went with the Flynn's to Bishop fishing, enjoyed two lovely trout — his "catch" — which his mother cooked for him Tuesday. Tommy was a little confused by the appearance of the sides of a stream until straightened out by the experience of his recent trip.

Teacher Makes Summer Plans

One of the first of the teachers in the local group to announce her plans for the coming summer, Mildred Dean, who lives in Santa Ana, will attend summer school at Redlands university August first.

But first she is looking forward to an extensive trip by motor to the east coast which includes a visit in Washington, D. C., Philadelphia, and New York City. Miss Dean will be accompanied by her mother and a girl friend and her mother.

Mrs. Dean will accompany her daughter only as far as the middlewest, however, since both her own mother and grandmother are ill, and not expected to live. She will spend the time in Mankato, Minnesota, and Indianapolis, Indiana. Miss Dean's paternal grandmother lives in Fullerton.

TRAINER WARNS BOYS TAKING UP BOXING

With the required number of boys desiring the special boxing lessons given each Saturday morning from 11 to 12 noon at 5412 Camp street, a good-sized class is being maintained. Any boy is eligibile, whose age is five years or up. The price is 50c a lesson if a class of 12 or more boys is present.

Mannie Lieberman, instructor from the Long Beach YMCA, has suggested that the boys do not eat or drink for a couple of hours before the lesson. Otherwise the effeciency of the workout period is impaired.

FIREMEN NEED EQUIPMENT

Sponsor Dance In Fire Hall On Saturday, June 18, To Raise Funds

Money — but with a view in mind as to how it should be spent. When the members of the local Volunteer Fire department ask for funds, and hand you a ticket to their next dance to be given on Saturday night, June 18, it is their way of providing value received for a much-needed sum to swell their treasury's total.

An interview with Ed Robinson, president, reveals a lofty desire on the part of the organization to purchase equipment which will safeguard the comfort and well-being of the men who serve their community in case a serious fire occurs. The

county provides a minimum of equipment to an unincorporated area when a fire district is established. Anything over and above what it gives must necessarily come from the efforts of the men in the department themselves.

First on the list to be purchased are rubber hats, coats and and boots for those of the 16 members who are not already outfitted. Plans in the distant future call for a possible erection of an attractive neon sign in front of the station, Robinson said.

With this brief explanation in mind, the public should feel that when the boys solicit funds for the town's fire department that it is with the thought of accomplishing the most good with the least expenditure of money — and that the money is not being spent promiscuously, but with a definite plan for the future. How many dance tickets will you take, at $1.50 per couple?

Robert Van Dyke Shows Champion At Spring Fair

Robert Van Dyke, student at Anaheim union high school, and a member of the Future Farmers of America organization, participated in the Los Angeles county spring fair at Bellflower last week-end. Entering a Holstein heifer in the boys' dairy cattle division, he not only placed first, but his entry was declared champion of the group.

He also won a third place with a white-faced Hereford steer.

LOCAL RESIDENTS IN CAR CRASH

Merle A. Jennings, 8822 Cypress avenue, was uninjured when his car was involved in a crash at the corner of Walker street and Orange avenue Thursday afternoon. Driver of the other machine, Mary Dorothy Watson, of 5832 Orange avenue, was given emergency treatment before being sent home.

Holiday Stage Musical First On With Dotty Stone

Scooping New York and the national theatre world, Holiday Stage this week signed exclusive contracts with the sensational dancing and singing team of Dorothy Stone and Charles Collins. They will head the cast of a brand-new musical farce, "Two Adams for Eve," which will open the third ten-week summer season of professional play production at Tustin, June 27.

With her famous sisters, Paula and Carol, Dorothy Stone began her stage career in "Stepping Stones," starring the trio's father, Fred Stone. Miss Stone's greatest success came as the dancing teammate of Fred Astaire in "The Gay Divorcee."

Originally the London musical comedy star of "As Thousands Cheer," Charles Collins later appeared in New York with Bob Hope, Fred Stone and the late Marilyn Miller.

For the past three years this popular team has played New York and the key cities of America as the dancing stars of Victor Herbert's "The Red Mill."

Opening Meeting Notice

Citizens and representatives from business firms in Cypress are requested to be at an open meeting in the schoolhouse on Wednesday evening, June eighth at 7:30 o'clock. Plans for this year's "White Gold Day" will be discussed at that time. The members of the recreation park board are anxious that all persons be present. The success of the undertaking depends upon the cooperation of the people who live here and upon those in business in Cypress.

PARENTS ANNOUNCE LOCAL TEACHER'S ENGAGEMENT

Mr. and Mrs. George W. Armour of 11441 E. Stanford, Garden Grove, announced this week the engagement of their eldest daughter, Wanda, to Vern Martin son of Mr. and Mrs. Marion W. Martin of Fifth street, Garden Grove.

The bride elect attended Brigham Young University in Utah and was graduated from the University of Redlands with a Bachelor of Arts degree. A member of the Phi Tau Omego Honorary Society Miss Armour is now teaching at the Cypress elementary school.

Martin has attended South Dakota State College, Long Beach City College and Drake Univer-

WANDA ARMOUR

sity and is now a student at Woodbury College, Los Angeles, from which he will be graduated with a degree of Bachelor of Business Administration in August. He is a Pi Kappa Delta, Phi Gamma Kappa and Phi Rho Pi. He served as a radar technician in the Army Air Corps spending three years in the Pacific theatre of operations.

No date has yet been set for the wedding.

NEW DRUG STORE READY TO OPEN

George Henry is opening his newly renovated and redecorated building this week and will conduct the business to be known as Henry's drug store. Fully qualified to fill prescriptions, Henry, a registered pharmacist, will provide Cypress residents with a much needed service.

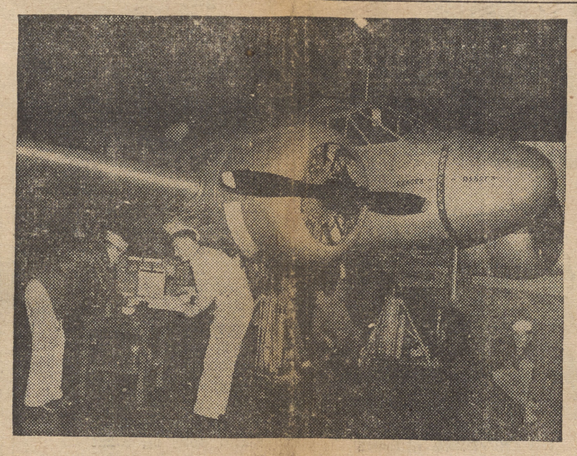
Assisting in the store the past few weeks has been Richard "Dick" Hoxie. The formal opening of the drug store will be announced soon, at which time the public will be invited to receive the benefits of special prices and gifts.

LOCAL SINGER APPEARS AT HARMONY PARK

Bill Sutton of the Quon-Sut Hut, last week appeared at one of his old employer's, the Harmony Park Corral in Anaheim. He was working with Bob Wills and His Texas Palyboys.

Sutton is now on station KFOX at 10 p.m. Tuesday, Friday and Saturday. His popularity at the Harmony Park was evident by the large crowd on hand. He was a former employee of both the Harmony Park Corral and the 97th Street Corral.

A Model A Ford, reported stolen to police last night by Phillip Cabral, 7382 W. Eighth street, Buena Park, was recovered a short time later in Anaheim by Anaheim police.



Safety is a primary requisite at the Naval Air Station, Los Alamitos

Los Alamitos Navy Station Provides Reserve Training

Before releasing a plane for flight, a careful weight and balance check is made in order that the plane's weight and stability may be maintained.

Shown above are a group of "Week-end Warriors" performing such a check prior to a flight in a Naval Air training plane. This is another phase of the training available for both pilots and crew men on their week-ends aboard the station each month.

The officers and men are paid four days navy in rate or rank for each such training period.

CENTRALIA SCHOOL'S PICNIC JUNE TENTH

At a meeting of the executive board of Centralia P-T.A. last week, plans were made for the annual school picnic on June 10 at Irvine Park. Mrs. Ray Dillon is chairman of arrangements.

As many as can are asked to help furnish transportation. The school bus holds only 60 children. A truck will be on hand to transport bicycles to the park when the group is scheduled to leave at nine o'colck in the morning.

Mrs. Carl Korn, newly elected president, also announced the chairmen of standing committees for the coming year.

BOYS WORK ON SERVICES

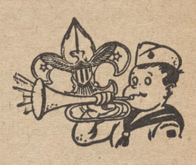
Scouts Invite Local Residents To Attend Program Sunday Night

Climaxing several months of serious work on the part of the boys in this community, the public is cordially invited to attend charter presentation exercises Sunday evening in the school auditorium for Boy Scout Troop No. 76. Sponsored by the Cypress Post No. 9847 of the Veterans of Foreign Wars, scout committeemen and the troop's leader, Scoutmaster Jack Kepner, are anxious that friends and relatives witness the impressive ceremonies being planned.

The VFW, especially, urges all veterans, whether members of the local post or not, to be present.

The program will begin at 7:30 o'clock. An investiture service, advancement of awards, and a movie will also be featured.

Miss Peggy Flynn has been chosen to assist in a short pageant which symbolizes a national movement called "Strengthening the arm of Liberty." Peggy will be graduated from the local elementary school in this year's class.



At their meeting Monday evening, scouts of Troop No. 76 practiced for the coming charter presentation in the school auditorium. Present was Miss Elizabeth Dickerson, who helped the scoutmaster and sponsoring VFW committeemen in making necessary arrangements.

Miss Dickerson is district superintendent of Cypress elementary school.

There were 18 scouts present at the meeting.

C. C. Club Dance Tomorrow Nite At Airpark

Although the Cypress Community Club members insist there are still some tickets left, sales have been going well for the big square dance in the new hangar at the west side of the Cypress Airpark Saturday night.

Besides the previously-mentioned special decorations of hay bales and expert instruction in square dancing for beginners, there will be attractive door prizes given away at the affair.

Members have arranged for refreshments to be served throughout the evening and at press time everything appeared to be set for one of the biggest evenings Cypress has seen for some time. Tickets are on sale from club members or at most business establishments. The instruction period starts at 7:30 p.m., with the dance beginning at 8.

Poppies Sell Thanks To You

by Dorothy Smith

The members of the auxiliary to Cypress Post No. 9847 of the Veterans of Foreign Wars wish to take this opportunity to say thank you. The general public, merchants, and everybody were generous in their contributions and support of our annual poppy sale.

Our own girls were out early — six-fifteen a.m. to be exact. They solicited each and every car and truck as it stopped for the "Stop" signs. Brave! eh? The travelers were cooperative, too.

Leona bought the very first poppy sold in Cypress. Altogether a staggering total of nine hundred of the symbols representing a worthy project were given out, each one representing a sale right in our town.

A graphic exampie of the spirit of giving which prevailed during the drive is the story of a generous child at the Buddy Poppy booth in front of the post office. She was four or five (I forgot to ask!) and presented a dollar bill. Her mother was already in the post office, so naturally we hesitated, except to answer the child's question, "How much are your poppies" with "Any amount you want to give."

"I'll give you 15c for one."

About this time her mother came out of the post office and said to the attendant, "It is okay for this is her birthday dollar to do whatever she wants to with."

That is real generosity I'd say — breaking her dollar to buy a poppy. I know the Disabled and Needy Veterans who made these poppies would say so, too!

KNOTT'S BERRY FARM WINS MERIT AWARD IN NATIONAL CONTEST

Walter Knott of Knott's Berry Farm, Buena Park, received honorable mention for merit in food service in a nationwide contest conducted by Institutions Magazine, a publication for restaurant and hotel operators.

Results of the contest were announced at the National Restaurant Association Annual convention at Atlantic City on May 24.

Restaurants of Southern California scored more than any other section of the nation.

NEW PHONE BOOKS BEING DISTRIBUTED

New Orange county telephone directories are being distributed this week throughout Cypress by employees of the Pacific Telephone and Telegraph company.

It will be the first new directory received in nine months.

Cypress School Board Plans Improvements

To further improve the school property, the school board is planning to construct cement sidewalks, curbs, driveways and culvert on the newly acquired land adjacent to the present school grounds.

Bids for the work will be received by the trustees until June 11, according to Dan T. Mackay, secretary. There will be a curb only, and sidewalks for 300 front feet on the newly acquired land west of the school.

It is planned to extend the culvert 12 feet inside the property line. At the present time the culvert is short and a traffic hazard. However, it is badly needed for a brief time during the rainy season and is felt to be a necessary part of the improvements. Dirt has already been hauled to the area as filler and the ground will be leveled off before the work is done.

Navy Takes Local Couple's Son Abroad

Robert N. Norton, boilerman, first class, USN, son of Mr. and Mrs. J. E. Smith of 5701 Vonnie Lane, arrived in the Mediterranean aboard the aircraft carrier USS Coral Sea for a six-month cruise which will afford him the opportunity to visit seaports of Europe and Northern Africa.

First glimpse of the Old World was the Rock of Gibraltar, where he arrived May 14 for a three-day visit, prior to transiting the Straits of Gibraltar for Augusta, Sicily. While in this area the destroyer will concentrate on vast fleet exercises, aimed at maintaining the peak of fighting efficiency.

FAMILY REUNION AT ANAHEIM PARK

A family reunion was held in Anaheim Park on May 29, the group being relatives of Mr. and Mrs. Milan Williams. A delicious picnic dinner with fried rabbit as the piece de resistance, was enjoyed.

Those present were Mrs. Williams' sister, Miss Eileen Ward of San Rafael; her brother Jack Ward, and his daughter Carol Anne, and Mrs. Betty Harrington of San Gabriel; a nephew, Ward Rodgers and his wife of Long Beach and the Williams' daughter, Mrs. Kenneth Young and little Dale.

Merchants Gain NSA League Lead

Cypress took undisputed first place in the NSA league standings last week when they downed the previously unbeaten Norwalk Coast Grain outfit, 8 to 5.

The first inning was the big one for the local team as they knocked out a 4-0 lead. Coast Grain came to life briefly in the second to score one run, cutting the Cypress lead to 4-1, but the Merchants let go with both guns again in their half of the third and when the fourth came up, the score was 7 to 3 in the local team's favor. Cypress closed its scoring with one run in the seventh inning.

The Merchant scoring in the first stanza came on only one hit. Hathcock and Richards walked when pitcher Ben Evink couldn't seem to settle down. Falls successfully bunted to load the bases. A walk for Minner brought in the first score and another came in when Wilson walked.

Then "Red" Duncan began a series of surprises. The announcer on the public address system made the remark that Duncan had been hitting .111 so far this season. Duncan hit a double the first time up, scoring two runs, then in the third, he brought Wright and Wilson in with a home run. In the end, "Red" was responsible for five of Cypress' eight runs.

At the end of the fourth inning, Coast Grain was the closest to the Merchants that they got all evening when the score stood 7 to 5.

Earl Haliday, Cypress' outstanding pitcher, was hit on the arm by a pitched ball in the second inning and was replaced by Jimmy Wright when the arm became too painful in the fifth. Wright held Norwalk to one hit in three innings. Coast Grain managed to get seven hits altogether while the Merchants nicked Evink for eight.

V.F.W. FREE SHOW SATURDAY DRAWS GOOD-SIZED CROWD

Mrs. Pearl McGehee can rejoice now that she is the proud possessor of the beautiful Westinghouse television set given away last Saturday night in the school house. And members of the Cypress Post No. 9847 of the VFW can relax with a tidy sum of money added to the organization's building fund and memories of an evening's entertainment that was as good as advanced notices promised it would be.

Mrs. McGehee is a sister of Mrs. Ray Dye, of 5541 Saint Ann street, and although she was not present to receive the news that she was the winner, both her mother and sister, who were there, were happy to relay the message to her. Mr. and Mrs. McGehee live at 2176 Locust in Long Beach.

The free show got away to a fine start with the introduction of Bob Faulkner, a member of the Cypress post. Skilled in the art of magic, Faulkner entertained troops with his act both in African and European theaters of war and is classed as one of the best amateur magicians on the west coast.

Pleasing adults and children alike, his performance was made more lively by audience participation. Especially clever was the closing "hoax" presented by two local boys, Leon Taylor and a lad strongly suspected to be "Professor" Ronnie Garrison, who, under Faulkner's supervision, apparently caused the subject to "float through the air." There was real magic, however, in the tricks performed by Faulkner himself, which baffled the audience, and in the case of Kenneth Van Dyke, the bewildered volunteer himself. No one has figured out yet how "Ken" "lost his shirt."

A moving picture was shown which delighted the youthful members of the good-sized crowd following which the drawing was held.

Members of the VFW in Cypress are to be congratulated for providing the public with the opportunity to enjoy an evening of such unusual merit.

P-T.A. School Carnival

Beginning at five o'clock this afternoon, Friday. Don't forget that a chuck wagon style meal will be served to consist of hot dogs, hamburgers, potato salad, pies and cakes. Booths galore — wishing wheel, shooting gallery, white elephant and many more, including a pop corn stand. Two amateur shows— at 6:30 and 7:30 o'clock. Come early and stay late—the P.T.A. invites you one and all!

Cypress' Girls Softball Team Beats Corona, 8-7

Corona fell victim to the Cypress girls' softball team Tuesday night on the Cypress diamond to the tune of 8 to 7.

The local outfit pulled into a 2-0 lead in the first of the initial inning and added another run in the second. Corona scored three in the third to tie the score, then pulled out in front with another three-run barrage in the fifth, while Cypress was counting only one. That left the local team behind 6-4.

Cypress counted four runs in their half of the sixth though and held their lead when a Corona rally fell short and left the score 8 to 7.

Scoring runs for Cypress were Gerry Ferriera, Betty Lantz, Carolyn Head, Delores Cardin and Zena Bloomfield.

Two Softball Games Slated For Merchants

Eight o'clock tonight on the Norwalk softball diamond will see the Cypress Merchant's ball team seeking their eighth victory against the Norwalk Merchants. The local team will be defending their undisputed league lead and their 3-0 league record.

Another league tussle is slated for the Cypress team next Tuesday night on the same diamond when the Merchants meet Chris's Union Service from Downey. There is no admission charged for the games.

LONG BEACH TEAM IS SEVENTH MERCHANT VICTIM OF SEASON

Racking up their seventh win of the season, and the fifth in a row, the Cypress Merchants swamped Long Beach's Galiher and Shearer softballers Wednesday night 11 to 2 on the local diamond.

Hero of the evening was Alex Wilson whose home run in the first inning with the bases loaded put Cypress into a 4 to 0 lead that iced the game for them.

N. S. BELCHER PASSES AT HOME

Newett S. Belcher, of 8012 Walker street, died Monday at his home. He was born in Kinston, North Carolina, and came to Long Beach from there in 1935. Two years ago he moved to Cypress. He was a member of the Missionary Baptist Church of Cypress. Surviving are the widow, Mrs. Reba Belcher, of Cypress; three daughters, Mrs. Don Lade and Thelma Jean Belcher, both of Cypress, and Mrs. Richard Grant, Snow Hill, North Carolina; one son, William E. Belcher, of Long Beach; two brothers, Joe Belcher, of Norfolk, Virginia, and Lewis Belcher, of Fresno, and one nephew, William E. Belcher of Long Beach. Services wiere in charge of Dilray Mortuary.

Chosen Society's Prexy Next Term

Lovely Jean Thompson, daughter of Mr. and Mrs. John Thompson, 8901 Hoffman, was elected recently to serve as president next year of the Thalian society. A student at Whittier college, Jean has been very active in campus affairs.

Continuing in YWCA work begun with Anaheim high school girls, Jean has carried this interest into her college life.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

SUNDAY—JUNE 5
Church Services—All Churches.

MONDAY—JUNE 6
Cypress Boy Scouts—7:30 P.M.—Cypress School.

CALIFORNIA'S NEW "MUSCLES"

The 82nd Congress which will convene in January, 1951, will find California in better "political condition." Reflecting the great gains in population during the past decade, the Golden State will then have at least 30 representatives in the House as against 23 at present.

This means also that California's electorial vote will zoom from 25 (23 representatives, 2 senators) to 32 and will make the west even more attractive to presidential candidates in '52 than it was last year.

In a study made by the United States News of the shifting balance of political power in the United States it found that from 1910 to 1950 California will have gained 19 seats in Congress, the Atlantic Seaboard states will have lost six seats, the South three, the Border States eight and the Middle West seven. The Mountain States will be one ahead and the other Coast States four higher.

These increased political "muscles" will command greater respect in the nation's capital where the West has too long been looked upon as a puny step child. They will be more in keeping, too, with the dominant position California holds in agriculture and it is quite possible that the Far West may be recognized in the East as part of the United States.

HOW DO THEY DO IT?

Opera is the only place where one can be stabbed in the back and burst into song.

DUNKIRK TO OMAHA BEACH

Early June has particular signifcance in the history of World War II. It marked both the Allied retreat from and their return to, the North European continent.

In early June, 1940, the last remains of the British and French forces hemmed in at Dunkirk were straggling across the channel. Hitler was sweeping on to Paris. France was finished and the situation for the British was nothing short of desperate. Although 90 per cent of her troops had succeeded in escaping the German trap, their equipment had been lost and at the moment there were virtually no arms available for the defense of the country.

Four years later, on June 6, 1944, the tide was running in the other direction. With America now in the struggle the great invasion of Hitler's fortress began. Back of this move were at least two years of preparation so vast and so incredibly thorough as to make it unparalleled in military history. And it had to be. Anything less would never have succeeded in gaining a foothold on the continent against the elaborate fortifications built by the Nazis.

The amazing change which took place between June of 1940 and 1944 was a tribute not alone to the military genius and productive capacity of the Allies, but to the indomitable courage of the British who refused to quit even in the face of what seemed certain defeat.

I RISE TO REMARK

The letter on the so-called Housing Bill continues. This point of by-passing Congressional controls seems to me to be important. Since the creation of the Republic we have only once deviated from that principle. In the case of the Bretton Woods agreement, which was sold us as a solution for the post-war rehabilitation problem, with solemn assurances that, if passed, it would obviate the need for individual loans to other nations, the Congress said that the money authorized could be paid out, as needed, by the Treasury. Even that was a little different, for the money was to go to a banking instituion, which would presumably check its use. All other appropriations, for 160 years have been authorized by a legislative committee, and the money appropriated and the administration reviewed yearly by the Committee on Appropriations. This Housing Bill authorizes the $19 billions, but tells the Treasury Department to advance it on demand of the Housing Administrator, without further check.

You must understand that nobody, who has read the bill and heard the discussions, thinks that $19 billions is the amount the program will need. That is only the ante, permitting you to get into this game of political housing. This bill commits you, as citizens and taxpayers, to a program of saying you will see that everyone has adequate housing. The definition of "adequate" is to be furnished from Washington. In the discussions, families who had incomes of $2500 or less were presumed to be eligible for help in a "slum clearance" program; in New York City, an income of $5000 a year is presently considered for eligibility.

There are said to be 400,000 "substandard" dwellings in New York City alone. Since the bill contemplates the spending of about $666,000,000 annually on this part of the program, with not over 10% to any one state, you can imagine the immediate pressure for more money and a wider program. Only three or four states expect to benefit materially from the program; pressure from the others will follow immediately!

The "farmer" eligible to get the $500 per building GIFT from Washington, or not over $1000 GIFT per family, must prove he is the owner of a farm without "a decent, safe and sanitary dwelling" or he must be "an operating tenant, lessee or sharecropper," and that he has neither money nor credit. The money is to go into the deep south, and was quite openly to balance the money spent on northern projects of one kind or another. In addition to the GIFT, the bill provides for LOANS, and then permits the Secretary of Agriculture to decide the borrower cannot pay the interest, or even the debt, and so must have a moratorium, a reduction, or cancellation.

The research provisions, for the most part, duplicate money now being spent through established research agencies of the government. There will be no Congressional check on the spending.

How can I describe an 84 page bill in two letters? Perhaps you have already grasped the idea that I think slum clearance and house-building are urgently necessary, but that this "Housing Act in 1949" is a dangerous and deliberate step into bankruptcy.

CLIPPED
From The Mail Bag

As a result of the recent death of a child who fell into an abandoned well, the Oil Producers agency of California has announced that many ordinances are being considered requiring the safeguarding not only of abandoned wells, but also of all types of excavations, which includes sumps. Los Angeles and Orange counties have passed such ordinances. The cities of Los Angeles, Fresno, Huntington Beach, Long Beach and Montebello are known to have them under consideration.

Such striking progress has been made in treatment of infantile paralysis during the past ten years that only about 15 to 25 per cent of polio victims are now "left more or less severly handicapped . . . Forty to 60 per cent of the children or adults who get the illness in recognizable form will recover completely, or almost completely, without any visible evidence of paralysis." An interesting booklet may be purchased for 20 c by writing the Public Affairs committee, Inc., a nonprofit, educational organization at 22 East 38th street, New York 16, and requesting the pamphlet No. 150, by Alton Lee Blakeslee, called "Polio can be conquered."

Some 500 teachers are expected to attend "summer workshops" at five southland schools and colleges in line with the state's recently - enacted legislation requiring compulsory driver education courses in all high schools. Every phase of driver-education, including the advanced behind the wheel training, will be covered in these 40 - hour courses, according to word received from the Auto Club of Southern California.

Graduates trained in farm management, dairy operation, horticulture and animal husbandry, who have selected agriculture as their life work, will be seeking employment about June 15 in which they can use the skills and knowledge they have acquired through training and experience. Year-round agricultural employment is now available at the Fullerton office of the California Department of Employment. Employers in agriculture and allied industries who need well trained people for full-time employment are invited to review the qualifications of these applicants.

"There may be gold in them thar overseas letters," hints the Orange County Council American Legion Relief committee. Experience in assisting ex-servicemen to establish their rights to federal benefits and disability compensation shows that wartime letters home may contain a reference to time, place, or witnesses that will give evidence which will establish eligibility for benefits, but about which there is no official medical record.

UPPER CLASSMEN VISIT LAUREL

The seventh and eighth graders were guests at Laurel elementary school in Los Alamitos on Thursday morning. Arriving in time for an assembly at 9:30 o'clock, the groups held a regular track meet on the athletic field.

In the afternoon competitives baseball games were enjoyed.

School Picnic

The Cypress elementary school will enjoy its annual picnic on Tuesday, June 14. The school bus and parents cars will transport the students to Anaheim park, where the affair will be held.

Eighth Graders Will Take Trip To San Diego

As a special treat, members of the school's eighth grade, who are being graduated this term, will go by train for a day to be spent in San Diego visiting the zoo. Miss Elizabeth Dickerson, district superintendent, and Paul Winsor, principal, will accompany the boys and girls. It is also expected that several of the parents will find it convenient to make this trip with the group also.

The students were able to earn funds for this occasion with the presentation of a puppet show recently in the school auditorium which will be used to pay their railroad fares.

The rest of the grades will hold sessions as usual. Teachers in the rooms will not be going on the trip.

Class pictures were taken and prints have been ordered.

Miss Ericson, from the county office, was in school on Thursday to give hearing tests for the children who needed them.

A picture was shown in the school auditorium for the fourth, fifth, sixth, seventh and eighth grades on Tuesday afternoon. The title of the picture was "Silver stallion." Reports indicate it was a good movie.

Graduation exercises for the eighth grade class will be held at the school on Thursday evening, June 16 .

SAVANNA GRADS TO VISIT ISLAND

Stanton—Graduation on June 10 will highlight a series of events held for the 17 eighth graders who will receive their diplomas at Savanna School, according to Superintendent Twila G. Reid. Valedictorian at the exercises will be Dorothy Harryman and salutatorian Virginia Avalos. Class officers are Jack Addington, president; Edna Price, vice president; Virginia Avalos, secretary, and Victor Zunita, treasurer.

The eighth graders will make the annual trip to Catalina Island June 2 under supervision of Miss Elizabeth Healy, teacher.

BP Pilots Lead League In Team Batting Averages

Although the Buena Park Pilots lost 6 to 2 to the last place Anaheim Scuttlers on Memorial Day at La Palma park, they are currently tied for first place with Long Beach in team batting averages with a .239 mark and Leon Knoeller of the Pilots is in second place in individual averages with .412.

Anaheim made eight hits and had a 6-0 lead going into the eighth inning. The Park pounded out 13 hits but couldn't turn enough of them into scores to do any good.

Consecutive hits by Lefty Humbert, Swede Rayburn and Yatch Rayburn produced Buena Park's runs in the eighth. Yatch Rayburn, in driving in both scoreboard markers, collected his third hit of the evening. Russ Brooks was pitcher for the Pilots and George Pearson did the chores for the Scuttlers.

On Friday the Pilots will play Whittier on the Northern team's diamond and on Tuesday, June 7, the locals will battle Redondo at the new Recreation park here. Next Thursday, June 9, Buena Park will travel to Orange to battle the Cubs there.

PICNIC PLANNED BY FARM BUREAU

The annual Farm Bureau picnic will be held at Irvine Park next Saturday, June 4, at noon. Farm Bureau members and their families will bring their own bread and potluck dinner. Coffee, orange juice, and ice cream will be provided by the Bureau.

Supervised play for the children will be held during the main program. A baseball game between teams from north and south of the Santa Ana river will conclude the picnic.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the CYPRESS School District of Orange County, California, will receive sealed bids up to 8:00 P. M. o'clock on the 11th day of June, 1949, at the office of said School District, located at 5202 Lincoln Blvd., Cypress, California, at which time said bids will be publicly opened and read for the following:

The construction of cement sidewalks, curbs, driveways and culvert on property adjacent to 5202 Lincoln Blvd., Cypress;

all of said work to be performed in accordance with plans and specifications, which are now on file in the office of the Cypress School District, 5202 Lincoln Blvd., Cypress, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows:

Carpenter	$2.037½	an hr.
Helper	1.75	" "
Cement finisher	2.12	" "
Helper	1.50	" "
General Labor	1.48	" "

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8.)

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Cypress School District in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

Copies of the plans and specifications and contract documents may be obtained at the office of said school district, and may be taken out upon the deposit with said District of the sum of $10.00. Said deposit will be returned provided said plans and specifications are returned within ten (10) days after award of contract.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, in accordance with Section 4204 of the Government Code, and one (1) surety bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel of Orange County.

The Board of Trustees of the Cypress School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

Cypress School District of Orange County, California.
by
D. T. MACKAY
Clerk of its Board of Trustees.

(Publish Buena Park News May 26, June 2, 1949.)

CYPRESS LOCALS

According to the report of communicable diseases sent out from the department of health in Orange county, Cypress and Los Alamitos had none to chronicle. However, Buena Park listed 3 chickenpox, 4 measles, 3 mumps and 1 syphilis. This was for the two weeks' period ending May 21, 1949.

Last Tuesday evening, members of the Nazarene young people's group were entertained at the Joe Ferguson home for an out-of-door party. Mrs. Ferguson's sister-in-law, Mrs. Leon Ferguson, assisted in hostess duties. A wiener roast featured the early evening's activitiies.

Mr. and Mrs. Charles J. Sanders, Sr., returned Friday from several days fishing at Lake Mead.

Fishing at Bishop over the Memorial Day weekend were Mr. and Mrs. Warren Michaels and family, Mr. and Mrs. Leon Ronen and family and Mr. and Mrs. Russel Flynn and family. Successful fishermen in the group, it was reported, were the 'and family' section.

Preparatory to dispensing with his services altogether come September, the U. S. Navy prepares itself with a "softening up" treatment by allowing Jesse Smith shore leave from Port Huenema whenever possible. Which is just our way of saying he enjoyed the holiday at home and was able to attend his organization's free show and entertainment Saturday night at the school house.

Mr. and Mrs. Wayne Ingrom, of 5631 Camp street, enjoyed a visit this week-end with her brother-in-law and sister, Mr. and Mrs. H. C. Johnson, of Los Angeles. Johnson is a shift supervisor for Lockheed, in Burbank. On Saturday the two families motored to San Diego where they were guests in the home of the Clayton Taylor's of the Griffith Construction company.

Mrs. Dorthy Vanderford and daughter, Kathie, who have been visiting her father, R. T. Kelley for the past week, have returned home to Sacramento.

Check Cawthon enjoyed the trout fishing in the high Sierras over the week-end.

Mr. and Mrs. Jack Junker and children, Donald and Virginia, spent the week-end holiday at Seal Beach.

Mr. and Mrs. Charles Lamblin returned home yesterday from a week's fishing trip to Morro Bay. They found the weather very cold.

Mr. and Mrs. Merle Jennings and son, David, attended a reunion of the former's family in Bixby park in Long Beach on Monday. A brother and his wife have just returned from Adak, Alaska.

Plane reservations have been made for June sixth by Mr. and Mrs. Don Wedeking and son, Gary, who will fly east to Atlantic and Mason City, Iowa, to visit relatives on both sides of the family. Wedeking will return in two weeks while his wife and son will remain a month.

One of the signal posts at the corner of Grand and Machester in Buena Park was dislodged recently as the result of an accident at that intersection. Occupants of one of the cars involved were Mrs. H. K. Smith and Mrs. Glover, sister and mother, respectively, of Mrs. Chris Rogers of the trailer park. Mrs. Glover was injured slightly but is recovering nicely.

Mr. and Mrs. James A. Bolinger, Jr., and sons attended a social evening recently with former neighbors from Pearl Harbor. The group plans for a meeting now and then to keep in touch. The Bolingers lived in the area for three and one-half years before the war started as a navy family, and afterwards continued their residence for another four years while Bolinger served in civil service.

Mr. and Mrs. John Gilchrist entertained twenty guests in their home recently honoring his father and mother.

Wilbur Lee of La Homa street, a member of the U. S. Navy, was given leave from aboard ship to spend the holiday week-end with his family. He returned to San Francisco to duty.

T. J. Boyd submitted to minor surgery in a local doctor's office Friday morning.

Mr. and Mrs. H. M. Jeffcoat of San Francisco, arrived Saturday to spend the Memorial Day week-end in the home of her brother's family, Mr. and Mrs. Ross Adams.

Mary Lois Plantinga was bit by a dog last Saturday as she rode her bicycle. Mary Lois is the daughter of Mr. and Mrs. Gerritt Plantinga.

Members of the 500 club journeyed to Lakewood where they met at the home of Mr. and Mrs. Bill Watson for their bimonthly card session. Winner of high score prize was Mrs. Olive Griffis of Laguna Beach, a guest of Miss Elizabeth Dickerson; Len White was second high and A. H. Strempel third. Substituting for absent members were Job Denni and Mrs. Charlotte Price of Anaheim.

Funeral services were held Thursday afternoon in Long Beach for Mrs. Sarah Jane Kalina who died on May 21 in Long Beach Community hospital. Born in Beloxi, Mississippi, she had resided in Cypress for only a few months. Her daughter, Mrs. Viola Ward, of Fortuna survives her.

Don McLaughlin, local youth attending Anaheim union high school, was a member of the cast of the senior drama class which presented "Wuthering heights" last Friday night.

Mrs. W. A. Phillips, 8762 Cypress avenue, left Wednesday evening by train for Tennessee. She will visit her mother in Memphis, Mrs. Mattie Yoon, at 1593 Harrison street, and other relatives in the east before returning home.

Mr. and Mrs. E. V. Corby motored to Fresno Saturday evening late, returning on Monday afternoon. They visited their daughter and son-in-law, Mr. and Mrs. Paul Brenman, and two sons, Tommy and Kenny.

Otho Switzer sent word from Covina hospital to send the paper to the address of the home there which Mrs. Switzer has rented, in order to be near her husband — 211 Bastilla street, Covina. The best wishes of his many Cypress friends are extended with this week's issue.

Mrs. Anna L. Harmon is making an indefinite stay in the home of her daughter, Mrs. Philip Kenedy at 5582 Bishop street.

Mr. and Mrs. Earl Sartwell entertained friends for dinner on Tuesday. Mr. and Mrs. Hatfield of San Luis Obispo, were en route home from a visit in Redlands over Memorial Day.

Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 95348

It was Nikki Sue Campbell's first birthday party, celebrating her third year and her mother is sure she will remember it. For that little girl has a new wading pool, and a little puppy called Blue Boy. Of course she talked about her "party" for weeks ahead of time; but when it really came, little Nikki thought it was Christmas. Presents and more presents, with ice cream and cake too.

Having fun with her on that first birthday party were Sherry and Howard Hubert, Danny Hawkins, Marsha McGary, Sylvia Bell, Carol Ann Carpenter, Sharon Smith, Delilah Wright, Kathie Stein, and three little Linda's, (Wright, Johnson, and Layton.) A couple of litle friends came over from Dominquez to see her. Terry Taylor and Dickie Thieson arrived with their mothers, also Fred and Judy Carpenter of Long Beach.

Recent visitor in Los Alamitos was Mrs. Celine Daane, who is now superintending in the County Juvenile Home of Ventura. She is one of Los Alamitos' old residents, and business women.

Anna and Oscar Watte of Los Alamitos were on hand Tuesday to wish "Uncle" Omer Watte a happy birthday, and lots of good wishes. In three weeks, he leaves for Steenhuizen, East Flanders, Belguim to be married. So the party had a two fold meaning. At present, Omer lives in Westminster. His two daughters and two sons, and a group of friends made it a very pleasant evening. The guests were: Fritz and Rose Goosens of Garden Grove, Mr. and Mrs. Ivo Cousins, Mr. and Mrs. Lawrence Lerno, Mr. and Mrs. W. Verhaegen Sr. of Westminster, Oscar and Marge Watte, George and Florence Watte, Ann and Ghuch Cousins, Bill and Valentine Verhaegen. Following several games of "Dien'" and whist, refreshments were served.

Doris Neblett and her little daughter, Katherine Jean, spent Friday with her sister, Shirley Huebert, after coming down from Redlands.

A weekend in the mountains that was the way five families spent the Memorial Day vacation. Outdoor living to the fullest extent, hiking, swimming, foolin' on an open fire, and a fast round of volleyball was the plan of the day for The Harlan Hueberts, Leo Laytons, Cliff Steins, Fred Johnson and the Bobbie Campbells. The Green River Camp is six miles north of Corona.

Watching the boat races at Marine Stadium Memorial Day were Doris and Charles McGary, little Marsha, and Daphne and Milburn Webster and their two children.

A post-nuptial shower was given this past week for Ola Mae McGinnis, by her sister Mrs. Bette Brooks. A group of 30 friends were present, showering the new bride with many lovely articles of linen, pottery and bric-a-brac. Mrs. Walt Freeman and Miss Virginia Taff emerged as winners in the games played. A table decoration of gayly colored umbrella holding small rice bags was the center of attention.

Walt and Vera Freeman have purchased a new home in the new sub-division in the Lakewood tract.

The "Bien card Club" group played Saturday night at De Bruyn's cafe, with about 50 in attendance. Frist prize went to Paul Danset and his partner, Archie Liveer, while second prize was won by Domien DeBruyn and Dan Brulle. Camille Pattyn came home with the bobby prize, homemade pork links, which isn't so bad.

A Box Supper and Benefit Dance is being held Saturday night, June fourth in Laurel school auditorium for further development of the recreation area of the Alamo subdivision. The auction starts at 6:00 o'clock while the dance begins at 8:00 p.m. The committee for the affair guarantees an orchestra to please young and old alike.

Mrs. Ann Williams, 125 Farquhar, is enjoying the company of her daughter-in-law, Katherine Williams of Texas, while her son is engaged in a three month overseas piloting job with the German air lift. She also has her little grandson, Herbert Jr. there too.

USE OUR LAY-AWAY PLAN

TOM, Tom, the piper's son,
Learned to drive when he was young,
Now he drives safely every day,
Over the hills and far away.

Tom's A-B-C's mean Always Be Careful. A high school training course has made him a far safer driver than those who learn the "hit or miss" way.

All young drivers deserve that chance—without it they cause *eleven times more fatal accidents* than drivers in their forties.

Many high schools now offer behind-the-wheel instruction. If there is no driver training course in your community, do the next best. Get instruction material through your school or police department.

Start young drivers right—*right from the start!*
